

Owl Class Homework Menu – Summer1 2024

Choose **3** of the 6 tasks (or more if you wish!) to complete during this half term! Return to the homework tray by Thursday 23rd May.

Sea creature model

Create a model of your favourite sea creature! You could use recycled materials or clay/playdough.

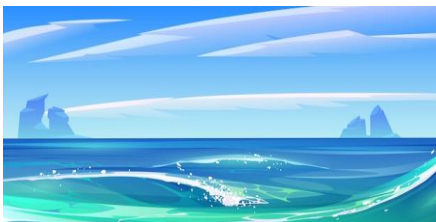

Amazing Oceans

Can you find out about one of the world's oceans?
What is it called?
What continents does it surround?
What sea creatures might you find?

Volume and capacity

Find 5 containers in your house – order them from which will you think will hold the least liquid to the most.

With an adults help, use cups to fill up each container
How many cups did it take to fill each container?
Were you correct?

Science: Habitat Hunt

Pick a habitat (eg. the sea, a forest ...). Create a picture or using a shoe box show what lives in that habitat.

Reading challenge

Find a book about the sea, read it and talk about what you found out to the rest of the class.

Seashell

Can you draw and colour or paint your own seashell?

Fascinating sea creatures

Research a sea creature – the weirder the better!
Can you find out what it looks like?
Where it lives? How long does it live for?
What does it eat? What is its habitat like?
